# WP1014S Series

4-Key Line Voltage BT Wall Switch

WP1014S

## Description

The Keilton+autani WP1014S is a 4-key line-voltage Bluetooth wireless wall switch. Featuring ON, DIM+, DIM-, and OFF controls, it provides wireless lighting control of Keilton+autani devices via Bluetooth connectivity. The switch can be used to retrofit a standard wall switch and requires a neutral wire connection.

## Features

- 120-277VAC
- Ideal retrofit of existing wall controls (neutral is required)
- Quick push-button control of Keilton+autani devices via Bluetooth
- Bluetooth 5.0 network technology enables the switch to be linked to one or more light groups via the Keilton+autani app

## Requirements

- Requires a Decora switch plate (not included)

## Ordering Information

| Model | Description |
|---|---|
| **WP1014S** | 4-Key Line Voltage BT Wall Switch |

## Wiring

**WP1014S - Rear view, field wiring terminals**

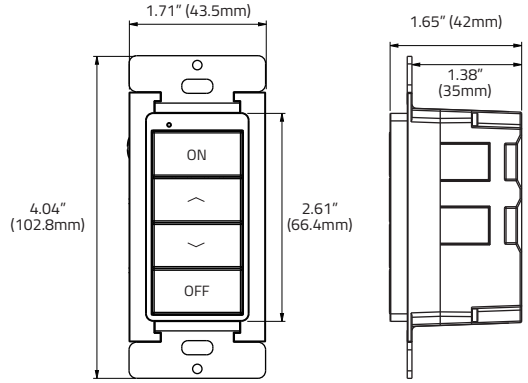

**FIELD WIRING**

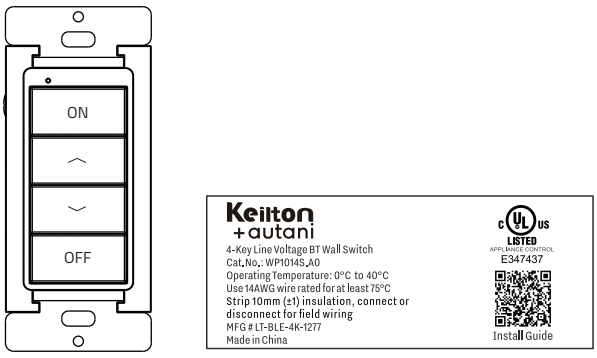

Supplied without leads. Connect building wiring to the marked terminals. Ground: bare or green wire. Neutral: white wire. Hot (Line): black wire.
Use 14 AWG wire rated for at least 75°C. Strip 10mm (±1) of insulation.
A neutral connection is required. This switch does not switch the load; it sends a Bluetooth command.
